Endnotes

1] “Network” refers to a specified group of physicians, hospitals, medical clinics and other health care providers that CIGNA may require in order for you to get any coverage at all under the plan, or that CIGNA may encourage you to use because it may pay more of your bill if you use CIGNA network providers (i.e., go in-network) than if you don’t (i.e., go out-of-network).

2] “Deductible type” indicates whether the deductible period is “Calendar Year” (January 1 through December 31) or “Benefit Year” (i.e., based on a benefit year beginning on the policy’s anniversary date) or if the deductible is based on other requirements such as “Per Accident or Injury” or “Per Confinement”.

2a] “Deductible” means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., calendar year or benefit year) before CIGNA will cover those expenses. The specific expenses that are subject to the deductible may vary by policy.

2b] “Individual” on an Individual HSA-qualified health plan means the deductible amount an individual covered by the policy will pay for allowable covered expenses before CIGNA will begin covering those expenses.

2c] “Family” on a Family HSA-qualified health plan is the maximum deductible amount that all family members will collectively pay for allowable covered expenses before CIGNA will begin covering those expenses (e.g., deductible is applied to allowable covered expenses for all family members until the family deductible is met).

3] “Out-of-pocket maximum” means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include deductibles and copayments, depending on the contract for that plan. The specific deductibles and copayments included in the out-of-pocket maximum may vary by policy.

4] Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically-based mental illness.

5] Well baby care includes in-hospital newborn pediatric visit and newborn hearing screening.

6] Prescription drugs otherwise excluded are not covered, regardless of whether brand name, generic or non-preferred.

7] “Emergency care” means all services delivered in an emergency care facility that are necessary to screen and stabilize a covered person. The policy must cover this care if a prudent lay person having average knowledge of health services and medicine, and acting reasonably, would have believed that an emergency medical condition, or life and limb threatening emergency, existed.

8] “Biologically based mental illnesses” means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder.

9] Waiver of pre-existing conditions exclusions. State law requires CIGNA to waive some, or all, of the pre-existing condition period based on other coverage you may have had recently. Ask your carrier or agent for details.

10] Grievances. Colorado law requires all carriers to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.
